When I came to the group I was very unhappy with my life. I disliked my new boss. I had put on a lot of weight and couldn't do the sports that I loved..... Since starting... I have lost 3 stone. I was size 18 top and size 16 bottom. I am now a size 12 top and 10 bottom. I have changed so much in my life since because of the positive thinking that was given to me in the sessions from Valerie. Weight Loss Testimonial

As a life-long dieter, I'd never been able to maintain my weight: always yo-yoing and not understanding why I couldn't stay slim. When I met Valerie, I was at a very low point, I lacked confidence in self and felt very negative about my life. I was immediately struck by her warmth, enthusiasm and her overwhelmingly positive attitude to life: it's quite infectious.

Over the past few months, she has helped me to understand the reasons why I eat and how I use and think about food. She's challenged many of my preconceptions about myself and

made me look at things very differently. As a result, I know that my future won't involve yo-yo dieting and because I've addressed the reasons behind my eating, I know that I'll be able to maintain a healthy weight: it's a marvelous feeling.

At times, it's been a tough and very challenging process, but it's also been one of the most positive experiences of my life. Valerie is a superb counsellor, she talks plenty of common sense and has just the right balance of compassion and toughness. She has helped me resolve something that's affected most of my life and I can't thank – or - recommend her highly enough.

General Counselling:

Valerie is an amazing counsellor and coach. She is warm, caring and has great empathy, but she can also be very tough and challenging when it's needed. She seems to have a 6th sense that knows when to be tough and when to back off – it's a real gift and makes all her sessions so valuable. She's extremely good at tuning into your feelings, helping you see your own way forward and encouraging you every step of the way.

I can't recommend her highly enough: she will certainly help you change your life, your attitudes and look at things in new and different ways. She has a great sense of humour and an overwhelmingly positive attitude which shine through every time you see her. Working with Valerie has had a huge impact for me: I'm far happier and my life is a far better place for having met her. **Penny Seaford Sussex**

"I would like to thank Valerie for the invaluable counselling she provided to me during my recent sessions. She made me extremely comfortable, enabling me to discuss a range of topics that led to a significant improvement in my approach and outlook on life. Her counselling has improved my well-being and made me a much calmer person in both my personal and professional life. Her approach, comforting style and professional insight were very impressive. I continue to use her techniques in many daily situations with very positive outcomes.

I found the entire experience very beneficial. The counselling resulted in noticeable changes in my attitude and behaviour, so in this light I found the service highly effective. I was happy with the speed at which sessions progressed, not too fast yet not too laborious either. I was given a lot of high-quality and interesting supplementary material to support what was discussed in the sessions which was a great bonus too. *Mary London*
